

## Study Guide for Part 2: Communication

### The Route to Intimacy

Communication is the \_\_\_\_\_ to intimacy.

### 1 Peter 3:7 – HUSBAND, Understand Your Wife

While men are called to an on-going posture toward their wives of seeking to understand them, women are never called to a similar pursuit. Why?

Ladies, how important is it to you for your man to “pursue” you, and to KEEP pursuing you?

### Men, Women, and Communication

Generally, women and men communicate *differently*. While there are exceptions, men are generally bottom-liner while women are story-tellers.

What are you and how has this effected communication with your spouse?

When do you find it easiest to communicate? When is it difficult?

What can't you talk about; what's off-limits? Why?

### Read Ephesians 4:25-32

Work your way phrase by phrase through this passage, noting all the guidance for communication, both in word and attitude.
